

SMALL TREES FOR THE HOME LANDSCAPE

LANDSCAPE · NURSERY · GARDEN CENTER

If you have limited yard space but still want to cast a little shade or soften a view, a small tree is all that you need. Small trees make a dramatic statement in the residential landscape. However, it's important to make your selection based on mature size. Chalet offers an assortment of small trees and shrubs that vary in form, spread and height (up to 30 feet).

Botanic & Common Name	Form	HxW	Exposure	Description
<i>Acer ginnala</i> 'Ruby Slippers' Ruby Slippers Amur Maple	Rounded	15'x15'	○ / ●	Unusual for this species, this cultivar has a single, straight trunk. Abundant red fruits in June resemble little red slippers. Red, orange and gold fall foliage. Hardy and adaptable. Moderate growing.
<i>Acer griseum</i> Paperbark Maple	Oval	15'x10'	○ / ●	Very showy, flaking orange-copper bark. Trifoliate leaves turning brilliant red in fall. Slow to moderate growing.
<i>Acer x 'Ginzam'</i> Gingerbread Paperbark Maple	Oval	25'x15'	○ / ●	Flaking cinnamon colored bark. Trifoliate dark green leaves turning brilliant orange-red in fall. Slow to moderate growing.
<i>A. japonicum</i> 'Aconitifolium' Fullmoon Maple	Rounded	8'x8'	○ / ●	Deeply cut dark green leaves turning an array of green, yellow, orange and red in the fall. Protect from winter wind. Slow to moderate growing.
<i>A. japonicum</i> 'Green Cascade' Green Cascade Fullmoon Maple	Rounded	8'x8'	○ / ●	Shallowly lobed leaves turning orange-red in the fall. Hardier than Japanese maple. Slow to moderate growing.
<i>A. palmatum</i> 'Bloodgood' Bloodgood Japanese Maple	Vase Shaped	7'x7'	○ / ●	Burgundy red foliage in summer turning brilliant orange-scarlet in fall. Layered, tiered form. Protect from winter wind. Slow to moderate growing.
<i>A. palmatum</i> 'Wolff' Emperor I Japanese Maple	Rounded	10'x6'	○ / ●	Burgundy red leaves have a transparent quality. Orange-scarlet fall color. Layered, tiered form. Protect from winter wind. Slow to moderate growing.
<i>A. palmatum</i> 'Crimson Queen' Crimson Queen Japanese Maple	Mounded	5'x5'	○ / ●	Deeply cut leaves emerge wine-red turning orange-red in the fall. Graceful specimen for a sheltered area. Slow growing.
<i>A. shirasawanum</i> 'Aureum' Gold Fullmoon Maple	Rounded	8'x12'	○ / ●	Distinctly lobed leaves are golden yellow in summer turning orange in fall. Slow to moderate growing.
<i>A. triflorum</i> Three-flowered Maple	Upright	20'x20'	○ / ●	Chartreuse tri-lobed leaves turning golden-orange in fall. Bark peels in tight vertical curls. Moderate growing.
<i>Aesculus pavia</i> Red Buckeye	Rounded	15'x15'	○ / ●	Bold, dark green palmate leaves. Upright panicles of crimson red flowers in spring. Moderate growing.
<i>Amelanchier canadensis</i> Shadblow Serviceberry	Oval	20'x15'	○ / ●	White flowers in spring. Edible blue-black berries ripen in June. Excellent fall color of apricot-orange. Attractive gray trunk for winter interest. Moderate growing.
<i>A. x 'Cumulus'</i> Cumulus Serviceberry	Oval	25'x25'	○ / ●	White flowers in spring. Edible blue-black berries ripen in June. Medium green leaves turning orange-scarlet in fall. Nice narrow form. Moderate growing.

Botanic & Common Name	Form	HxW	Exposure	Description
<i>Amelanchier grandiflora</i> Apple Serviceberry	Oval	20'x15'	○ / ●	White flowers in spring. Edible blue-black berries ripen in June. Medium green leaves turning shades of orange, red and yellow in the fall. Mod. growing.
<i>Betula x 'Royal Frost'</i> Royal Frost Birch	Pyramidal	20'x8'	○ / ●	Burgundy colored foliage contrasts beautifully with clean white trunks. Prefers moist, but well-drained soil. Moderate growing.
<i>Betula populifolia 'Whitespire'</i> Whitespire Birch	Oval	25'x15'	○ / ●	Showy, flaking white bark. Green leaves turning yellow in fall. Resistant to bronze birch borer. Prefers well-drained soil. Rapid growing.
<i>Carpinus betulus 'Fastigiata'</i> Fastigate European Hornbeam	Upright	30'x15'	○ / ●	Dense, narrow upright form suitable for hedging. Dark green foliage turning yellow-orange in fall. Slow growing.
<i>Carpinus caroliniana</i> American Hornbeam	Rounded	25'x25'	○ / ●	Attractive, smooth bluish-gray bark. Elm-like leaves turning yellow, orange and red fall. Tolerant of many different soil types. Moderate growing.
<i>Cercis canadensis</i> Eastern Redbud	Vase Shaped	20'x20'	○ / ●	Striking rosy pink flowers in spring. Large heart-shaped leaves turning yellow in fall. Prefers moist but well-drained soil. Dislikes heavy, wet clay soil. Protect from winter wind. Moderate growing.
<i>C. canadensis 'Alba'</i> White Flowering Eastern Redbud	Vase Shaped	15'x15'	○ / ●	White-flowered form of Redbud.
<i>C. canadensis 'Covey'</i> Covey Weeping Redbud	Weeping	8'x5'	○ / ●	Weeping tree-form of Redbud. Profuse lavender-pink flowers in spring. Slow growing.
<i>C. canadensis 'Forest Pansy'</i> Forest Pansy Redbud	Broadly Ovate	15'x15'	○ / ●	Purple-green leaf color form of Redbud. Flowers are darker lavender-pink than species. New leaves emerge shiny red-purple then mature to purple-green. Moderate growing.
<i>Chionanthus retusus</i> Chinese Fringe Tree	Rounded	12'x12'	○ / ●	Fragrant, lacy white flowers in June. Clusters of blue-black fruit in fall. Leathery green leaves turning yellow in fall. Rugged exfoliating bark. Tolerant of alkaline soils. Moderate growing.
<i>Chionanthus virginicus</i> White Fringe Tree	Rounded	15'x15'	○ / ●	Fragrant, lacy white flowers in June. Clusters of blue-black fruit in fall. Lustrous green leaves turning yellow if fall. Moderate growing
<i>Cornus alternifolia</i> Pagoda Dogwood	Spreading	15'x15'	○ / ●	Strong horizontal branching. White flowers in spring. Purple berries on red fruit stalks in fall. Reddish-purple fall color. Prefers moist, well-drained soil. Moderate growing.
<i>C. kousa</i> Chinese Dogwood	Rounded	15'x15'	○ / ●	Tiered branching. Showy white flowers in June followed by raspberry-like fruit in late summer. Prefers acidic, well-drained soil. Slow to moderate growing.
<i>C. kousa 'Heart Throb'</i> Heart Throb Chinese Dogwood	Rounded	15'x15'	○ / ●	Tiered branching. Dark pink flowers in June followed by raspberry-like fruit in late summer. Prefers acidic, well-drained soil. Slow to moderate growing
<i>C. kousa 'Milky Way'</i> Milky Way Chinese Dogwood	Rounded	20'x20'	○ / ●	Tiered branching. Showy white flowers in June followed by raspberry-like fruit in late summer. Rich bronze and crimson fall color. Prefers acidic, well-drained soil. Slow to moderate growing.
<i>C. kousa 'Satomi'</i> Satomi Chinese Dogwood	Rounded	15'x12'	○ / ●	Tiered branching. Large rose-red flowers in late spring followed by raspberry-like fruit in late summer. Reddish-purple fall color. Prefers acidic, well-drained soil. Slow to moderate growing.

Botanic & Common Name	Form	HxW	Exposure	Description
<i>C. kousa</i> 'Wolf Eyes' Wolf Eyes Variegated Chinese Dogwood	Rounded	10'x10'	○ / ●	Tiered branching. Gorgeous white-edged leaves turning pinkish-red in fall. Raspberry-like fruit in late summer. Site in area sheltered from strong summer sun. Prefers acidic, well-drained soil. Slow growing.
<i>Cornus mas</i> 'Golden Glory' Golden Glory Corneliancherry Dogwood	Upright	20'x10'	○ / ●	Yellow flowers in early spring. Large, oblong cherry-red berries in summer. Purple fall color. Very hardy and adaptable tree. Moderate growing.
<i>Cornus x rutgersensis</i> 'Rutgan' Stellar Pink Dogwood	Rounded	20'x20'	○ / ●	Tiered branching. Soft pink flowers in late spring followed by raspberry-like fruit in late summer. Red fall color. Prefers acidic, well-drained soil. Slow to moderate growing.
<i>Fagus sylvatica</i> 'Purple Fountain' Purple Fountain Weeping Beech	Weeping	15'x5'	○ / ●	Impressive weeping form with a strong central leader and cascading branches. Purple-green summer foliage. Great specimen. Slow growing.
<i>Halesia carolina</i> Carolina Silverbell	Rounded	25'x15'	○ / ●	Nodding, white bell-shaped flowers in late April. Moderate growing.
<i>Heptacodium miconioides</i> Seven-Son Flower	Upright Arching	8'x8'	○ / ●	Fragrant white flowers in September followed by an even showier display of fruit. Wine-red fruits are crowned with greenish calyces that turn deep pink. Rugged, tan exfoliating bark. Rapid growing.
<i>Hibiscus syriacus</i> Rose of Sharon	Vase Shaped	8'x6'	○ / ●	Narrow vase shape. Single or double flowers in a multitude of colors in late summer. Moderate growing.
<i>Hydrangea paniculata</i> 'Grandiflora' PeeGee Hydrangea	Upright Arching	10'x10'	○ / ●	Large, cone-shaped white flowers in summer maturing to purplish-pink, then finally to tan. Rapid growing.
<i>H. paniculata</i> 'Tardiva' Late Panicle Hydrangea	Rounded	10'x10'	○ / ●	Large cone-shaped white flowers in summer maturing to pink; then tan. Rapid growing.
<i>Magnolia x 'Butterflies'</i> Butterflies Magnolia	Pyramidal	15'x15'	○ / ●	Large, deep yellow flowers with red stamens in May. Prefers moist well-drained soil. Mulch well. Moderate growing.
<i>M. x loebneri</i> 'Dr. Merrill' Dr. Merrill Magnolia	Oval	25'x25'	○ / ●	Fragrant, snow white flowers in April. 3.5" flowers bloom before foliage appears. Prefers moist well-drained soil. Mulch well. Moderate growing.
<i>M. 'Leonard Messel'</i> Leonard Messel Magnolia	Rounded	20'x20'	○ / ●	Pale pink flowers in May. Prefers moist well-drained soil. Mulch well. Moderate growing.
<i>M. soulangeana</i> 'Alexandrina' Alexandrina Saucer Magnolia	Rounded	15'x15'	○ / ●	Large tulip-shaped flowers in May are rosy purple on the outside and pure white inside. Prefers moist well-drained soil. Mulch well. Moderate growing.
<i>M. soulangeana</i> 'Jurmag1' Black Tulip Saucer Magnolia	Upright Oval	15'x8'	○ / ●	Incredible deep burgundy flowers in May. Narrow, upright form. Prefers moist well-drained soil. Mulch well. Moderate growing.
<i>M. soulangeana</i> 'Verbanica' Verbanica Saucer Magnolia	Rounded	15'x15'	○ / ●	Large flowers are rosy purple on the outside and pure white inside. Flowers later than 'Alexandrina'. Prefers moist well-drained soil. Mulch well. Moderate growing.
<i>M. stellata</i> 'Ann' Ann Star Magnolia	Rounded	8'x8'	○ / ●	Fragrant pink flowers in April. Compact form. Prefers moist well-drained soil. Mulch well. Slow growing.
<i>M. stellata</i> 'Royal Star' Royal Star Magnolia	Rounded	10'x10'	○ / ●	Fragrant white flowers in April. Prefers moist well-drained soil. Mulch well. Slow growing.
<i>Malus</i> cultivars				See Crabapple Fact Sheet.

Botanic & Common Name	Form	HxW	Exposure	Description
<i>Prunus cerasifera</i> 'Newport' Newport Plum	Rounded	15'x15'	○	Pale pink flowers in late spring. Dark purple foliage all summer. Rapid growing.
<i>Prunus</i> x 'Snow Fountain' Weeping Snow Fountain Cherry	Weeping	12'x12'	○	Single, white flowers in spring. Shiny green leaves turning golden-orange in the fall. Moderate growing.
<i>Prunus</i> x 'Okame' Okame Cherry	Upright Oval	15'x10'	○	Long-lasting, semi-double, clear pink flowers in spring. Dark green foliage turning yellow-orange in fall. Handsome bark. Moderate growing.
<i>Prunus</i> 'Royal Burgundy' Royal Burgundy Cherry	Broad Vase	20'x15'	○	Profuse, double, deep pink flowers in spring. Deep purple foliage turning reddish-orange in fall. Moderate to rapid growing.
<i>Prunus subhirtella</i> 'Pendula' Double Weeping Cherry	Weeping	15'x15'	○	Pale pink flowers in early spring. Graceful weeping form. Shelter from winter wind. Moderate growing.
<i>Prunus virginiana</i> 'Schubert' Canadian Red Chokeberry	Oval Rounded	25'x20'	○	White flowers in late April. New leaves emerge red-green, turning to reddish-purple in summer. Rapid growing.
<i>Pyrus fauriei</i> 'Westwood' Westwood Korean Sun Pear	Rounded	15'x15'	○	White flowers in spring. Glossy green leaves turning red in fall. Desirable smaller form of ornamental pear. Very hardy. Moderate growing.
<i>Salix integra</i> 'Hakuro Nishiki' Variegated Japanese Willow	Rounded	6'x6'	○ / ●	Lovely pink, white and green foliage. Cut back in spring to encourage new growth with the best color. Rapid growing.
<i>Stewartia koreana</i> Korean Stewartia	Pyramidal	25'x20'	○ / ●	Long-lasting, 3" white flowers in June/July. Variable fall color, sometimes red. Rich flaky bark is gray-brown to orange-brown. Slow growing.
<i>Stewartia pseudocamellia</i> Japanese Stewartia	Pyramidal	25'x20'	○ / ●	2-1/2" white flowers in July. Yellow, red or reddish-purple fall color. Richly colored exfoliating bark. Slow growing.
<i>Syringa meyeri</i> 'Palabin' Dwarf Korean Lilac	Rounded	5'x5'	○	Fragrant pinkish-purple flowers in spring. Glossy foliage. Great miniature patio plant. Slow to moderate growing.
<i>S. patula</i> 'Miss Kim' Miss Kim Lilac	Rounded	6'x6'	○	Fragrant ice-blue flowers in spring. Burgundy-purple fall color. Mildew resistant. Great miniature patio plant. Moderate growing.
<i>Syringa reticulata</i> 'Ivory Silk' Ivory Silk Japanese Tree Lilac	Upright	15'x15'	○	Very showy creamy white flower clusters in June. Attractive cherry-like bark. Dense, dark green foliage. Hardy and adaptable. Moderate growing.
<i>Viburnum</i> species Viburnum Species on Standards	Rounded	8'x8'	○ / ●	White flowers in spring. Nice orange red fall color on most. Moderate growing.
